

There's a school in Miami unlike all others! MDCPS educators, have you heard about DASH? Design and Architecture Senior High consistently ranks among the nation's top achieving schools. We offer one-of-a-kind programs in Film, Fashion, Architecture, Industrial Design, and Graphics. If you have **8th graders** who love art and design, DASH is an opportunity that could change their lives.

This November 19th, DASH invites interested applicants to check out our Virtual Workshop. Learn more about the audition process and get help preparing drawing skills. Make sure to visit www.DASHschool.org and click on Admissions to learn more.

Here are the basics of this year's DASH requirements:

- Apply online by submitting the [Magnet Application](#) by January 15th, and schedule your DASH audition appointment within the application (choice of 10am or 1pm on Saturday, January 30th or Saturday, February 6th).
- Prepare a [portfolio](#) of ten examples of original art, at least half of which should be based on observation of 3-dimensional subject matter. Other items could be based on imagination. Sculpture, photography, digital art, fashion, and short film are all welcome.
- An interview will be arranged one-on-one via Zoom with a DASH faculty member to discuss motivation and suitability.
- On audition day following CDC guidelines, two live drawings will be completed. One will be a self-portrait using a mirror and soft 6B pencil on poster size (18 x 24) paper. The other will be a creative / imaginative drawing of an open-ended fantasy landscape. 40 minutes will be the length of time given for each drawing.

Please don't hesitate to contact Lead Teacher Nick Britton at nbritton@dadeschools.net for further assistance. And take a look at our new **#MyDASHSuccessStory** social media campaign featuring phenomenal Phantom graduates (Find us @DASHSchool on Instagram).
